

Product Information and Traditional & Alternative Uses

Contains Vetiver, Patchouli, Lavender, and Sandalwood essential oils to ensure a deep, restful night's sleep, free of the mental chatter that so often derails our REM cycles. Anxiety attacks and depression are also extinguished when used under the tongue. Creates focus and improved mental function allowing the brain to comprehend raw data better while subduing overzealous mental synapse making it ideal for sleep disorders and nervousness. Also calms angry skin outbreaks such as acne, psoriasis or eczema by defending against skin bacteria and calming the nerve endings.

Primary Action - Neural Calming:

NERVOUSNESS, INSOMNIA, AND STRESS RELIEF: Add five drops to Aeroma Plus diffuser or 10-15 drops to Aeroma Pure diffuser and diffuse throughout the day. Apply behind the back of the neck and temples.

TERMITE REPELLANT: Add 15-20 drops to 6 oz water. Shake well and spray areas where termites damage is evident.

EMOTIONAL SHOCK: Use Quiet Scent and perform Emotional CPR.

SKIN MOISTURIZER: Add 1-3 drops to Enoscents lotions for added moisturizing.
