

## Product Information and Traditional & Alternative Uses

Eucalyptus is native to Australia and over the past few centuries has migrated to other parts of the world including, Europe and South Africa. The numerous health benefits of eucalyptus oil have attracted the attention of the entire world. Eucalyptus is one of the most researched essential oils, and has been considered for its potential positive benefit on a broad range of concerns ranging from everything from reducing inflammation and pain to killing leukemia cells!

- 1 **COLDS & FLU**
- 2 **DENTAL CARE**
- 3 **INCREASE CIRCULATION**
- 4 **GUMS AND TEETH**
- 5 **INFECTIONS**
- 6 **COUGH**

### Primary Use - Cold & Flu & Infections:

**COLD AND FLU:** 2 drops up to 3 times daily or as needed.

**INCREASE CIRCULATION:** Apply one drop directly under the tongue two daily.

**GUMS AND TEETH:** Apply 4-8 drops to 8 oz of water to make a mouth wash.

**A COUGH:** Add two drop of Loyol dill with one drop of each Loyol turmeric, garlic, and ginger (optional add one drop Loyol eucalyptus). Add essential oil mixture to 1½ cups of raw honey and stir well. Heat 2 cups each of distilled water and apple cider vinegar just hot enough to help the honey to incorporate. Add honey shake well. Use one teaspoon for children up to 3 times daily, and one tablespoon for adults three times daily or as needed.
