| ① WOUNDS | ⑤ DISINFECTANT |
| ② BACTERIAL INFECTIONS | ⑥ DANDRUFF |
| ③ CLEANING | ⑦ BACTERIAL VAGINOSIS |
| ④ BACTERIAL VAGINOSIS | |

Primary Action - Anti-Microbial:

WOUNDS & BACTERIAL INFECTIONS: Apply directly to the location. We recommend doing a sensitivity test behind the new or inside skin of elbow area before using this oil. If sensitivity arises dilute with grapeseed oil (conveyance).

DISINFECTANT: Add 10-15 drops to a spray bottle shake well and use on areas needing disinfecting.

DANDRUFF: Add 10-15 drops to Enoscents shampoo (May make shampoo less viscous.) Lather for 30-60 seconds, let sit for 5 minutes, then rinse.

BACTERIAL VAGINOSIS: Add 5-6 drops to 8 oz of water and use as a douche.
